Customer to provide the following:

- An Ethernet network connection (with static IP address) or a Windows based PC with 4GB RAM, a free USB port and graphics software (CorelDraw, Adobe Illustrator, etc.). If the laser is networked then separate Windows based PC/s with 4GB RAM and graphics software are needed.
- Fume extraction or external exhaust system using 4" metal ductwork and exhaust port to the outside (450CFM @ 2-3" static pressure). Machine has a single 4" port on the back.
- Table or stand.
- Laser Engraver requires 115vac 15amp power. A dedicated circuit is recommended, but not required. The air curtain pump requires 115vac 5amp power.

Optional Rim-Drive Rotary Attachment for Zing24 = \$1,123.26 (NYSC\$)

- Proposal is valid for 60 days.

- NYS contract items include standard shipping.

**NYS Contract PC67812 must be written on the purchase order**
